SOCIAL AWARENESS ORGANIZATION

"Volunteerism is the voice of the people put into action. These actions shape and mold the present into a future of which we can all be proud."
-Helen Dyer

The Social Awareness Organization believes in volunteer participation in a variety of activities on the local, national and international level. Walks for breast cancer and hunger, canned food and clothing drives, feeding the homeless at Father Bill's and sponsoring a team for the Relay for Life reflect our motto "to care is to act". We will continue to help those in need as we look at the world with open eyes and open hearts.

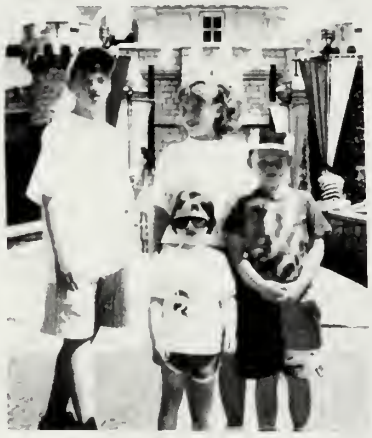
BRENNA LIZ
CLASS OF 2004

Being the youngest of four isn't always easy. You get less individual attention from your parents when you're young (when you most want it) and all the attention when you're a teenager (when you least want it)

You have three times the nicknames (You know what they are, so we won't need to mention them), lots of hand-me-downs, too many people telling you what to do, and you're the last to leave home.



But you also have three times the love and support and family vacations have been lots more fun.

We wish you love, success and happiness in your future and always remember we are here for you with advice even when you haven't asked for it.

You are our raven-haired beauty, Mommy's Baby, Daddy's "gorgeous girl " and our family's "Gift from God".
